[#712] Optional content groups (OCG)

(by default, 'OCG 2' layer is hidden: toggle your viewer's layer list items to change their visibility)

Case 1: Single-layered block content

1.1: (OCG 1) This is a layered content block.

Case 2: Single-layered inline content

2: Mixed content within the same block ((OCG 1) this is a layered inline content and
, while this is just plain content).

Case 3: Contiguous single-layered block content

3.1: (OCG 1) This is a layered content block.

3.2: (OCG 1) This is a layered content block, contiguous to the previous one.

Case 4: Nested single-layered block content

4.1: (OCG 1) This is a plain block inside a layered block.

4.2: (OCG 1) This is another plain block inside a layered block.

Case 5: Multi-layered block content

Case 6: Multi-layered block content

6.1: (OCG 3) This is a plain block inside a layered block.

Case 7: Multi-layered block content

- 7.1: (OCG 1/OCG 3) This is a layered item inside layered list
- 7.2: (OCG 1) Plain item inside layered list
    - 7.3: (OCG 1) Plain item inside layered list

    - 7.5: (OCG 1) Plain item inside layered list
- 7.6: (OCG 1/OCG 3) This is a layered item inside layered list

Case 8: Multi-layered inline content

Column 1	Column 2	Column 3
Plain cell content	8.1: (OCG 1) Layered cell content	

Case 9: Membership-layered block content

The following content block is visible only when OCG 2 and OCG 3 layers are hidden:

Case 10: Image block content

This tree image is layered (OCG 1):
